

Swiss Master of Advanced Studies Nano- and Micro Technology

Federally recognized postgraduate education in
Nano- and Micro Technology

Prof. Dr. Serguei Mikhailov

Institute for Applied Microtechnology
Haute Ecole Arc Ingénierie
Eplatures-Grise 17
CH-2300 La Chaux-de-Fonds

Prof. Dr. Serguei Mikhailov did his Ph.D. at the Ioffe Physico-Technical Institute of the Academy of Sciences in St. Petersburg and stayed as a junior scientist for 4 years. Afterwards, he did a PostDoc at the physics department of the Eindhoven University of Technology and worked as scientific collaborator at the Institute of Physics, Univ. of Neuchâtel.

Scientific interests :

Surface and material sciences, ion beam physics, coatings and thin film development.

Author of 27 scientific publications.

Invited professor at the universities Freiburg (DE) and Ulm and the CNRS in Paris
